Grout Brush w/Scraping Edge

8.9" Extra stiff, Red

Item Number: 44074

The Vikan Grout Brush with Scraping Edge is a hygienic cleaning brush purpose-built for food manufacturing, food retail, restaurants and food service, where hygiene and food safety are critical. Its angled head is shaped to work grout lines between tiles as well as corners, edges and hard-to-reach equipment surfaces - the areas where soil collects but a standard floor or hand brush can't get clean, consistent contact.

An exposed scraping edge sits ahead of the bristles and loosens baked-on debris before scrubbing begins, so operators aren't working through stuck-on soil from the first pass. Hard, durable bristles then cut through what's left - baked-on dough, heat-denatured proteins, mineral scale and biofilms - while a long handle keeps the working hand well clear of wet or soiled surfaces during repeated scrubbing.

Built with a long polypropylene handle, polyester bristles and stainless steel staples, and made in Denmark, the brush is produced from EU, UK and FDA compliant raw materials. Between uses, the drop-shaped hanging hole is designed to prevent pooling liquid, so the brush dries cleanly and stays visible on a hook or shadow board, and color-coded variants support hygienic zoning plans and 5S programs.

With an 0.7 " head, the Grout Brush with Scraping Edge has the widest head of the three products in this detail brush series - wider than the Detail Brush with Narrow Head and the 0.5 " Detail Brush with Small Narrow Head. That extra width suits broader surfaces like grout lines and equipment corners, while the other two in the series are built for tighter gaskets, seals and machine joints instead.

General Information

Bristle Stiffness	Extra stiff
Color	Red
Material	Polypropylene, Polyester (PBT), Stainless Steel (AISI 304L)
UNSPSC Code	47131605
Country of Origin	Denmark

Product Dimensions

Visible bristle length	0.9 "
Product Length/Depth	8.9 "
Product Width	0.7 "
Product Height	3.1 "
Net Weight	0.1389 lbs

Packaging & Shipping Details

Box Quantity	10 Pcs.
Quantity Per Layer (Pallet)	80 Pcs.
Quantity per Pallet (80 x 120 x approx.180 cm)	2240 Pcs.
Box Length/Depth	12.8 "
Box Width	11.2 "
Box Height	2.2 "
Plastic Packaging (Recycling Symbol "4") LDPE per Pcs.	0.01 lbs
Cardboard Packaging (Recycling symbol "20" PAP) per Pcs.	0.02 lbs

Item Number: 44074

Total Tare Weight	0.03 lbs
Gross Weight	0.1682 lbs
Cubic Feet	0.0114 ft3
GTIN-13 Number	5705022051539
GTIN-14 Number (Box quantity)	15705028051547
Customs Tariff Number	96039091

Compliance & Standard Details

Complies with (EC) 1935/2004 on food contact materials[1]	Yes
Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice	Yes
Complies with FDA Regulation CFR 21[1]	Yes
Complies with UK 2019 No. 704 on food contact materials	Yes
Meets the REACH Regulation (EC) No. 1907/2006	Yes
Complies with California Proposition 65	Yes
Complies with Halal and Kosher	Yes
PFAS intentionally added	No

Usage Limits

Recommended sterilisation temperature (Autoclave)	249.8 °F
Max. Cleaning Temperature (Dishwasher)	199.4 °F
Min. usage temperature	-4 °F
Max. Drying Temperature	212 °F
Min. pH-value in usage concentration	2 pH
Max. pH-value in Usage Concentration	10.5 pH

New equipment should be cleaned, disinfected, sterilized, and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.
