

# Toaster Brush, 2 pcs.

395 mm, Medium, Red

Item Number: 30024

Easily remove crumbs from toasters with this professional-grade Toaster Brush.

## General Information

|                   |                                                                        |
|-------------------|------------------------------------------------------------------------|
| Bristle Stiffness | Medium                                                                 |
| Colour            | Red                                                                    |
| Material          | Polypropylene, Polyphenylene Sulfide (PPS), Stainless Steel (AISI 304) |
| Country of Origin | Sweden                                                                 |

## Product Dimensions

|                        |         |
|------------------------|---------|
| Visible bristle length | 46 mm   |
| Product Length/Depth   | 395 mm  |
| Product Width          | 52 mm   |
| Product Height         | 47 mm   |
| Net Weight             | 0.11 kg |

## Packaging & Shipping Details

|                                                          |                |
|----------------------------------------------------------|----------------|
| Box Quantity                                             | 25 Pcs.        |
| Quantity Per Layer (Pallet)                              | 150 Pcs.       |

| Customs Tariff Number                                    | 96039099       |

## Compliance & Standard Details

## Item Number: 30024

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| Complies with (EC) 1935/2004 on food contact materials <sup>1</sup>     | Yes |
| Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice | Yes |
| Complies with FDA Regulation CFR 21 <sup>1</sup>                        | Yes |
| Complies with UK 2019 No. 704 on food contact materials                 | Yes |
| Complies with REACH Regulation (EC) No. 1907/2006                       | Yes |
| Complies with California Proposition 65                                 | Yes |
| Complies with Halal and Kosher                                          | Yes |
| PFAS intentionally added                                                | No  |

## Usage Limits

|                                                   |         |
|---------------------------------------------------|---------|
| Recommended sterilisation temperature (Autoclave) | 121     |
| Max. usage temperature (food contact)             | 100     |
| Max usage temperature (non food contact)          | 180     |
| Min. usage temperature <sup>3</sup>               | -20     |
| Max. drying temperature                           | 100     |
| Min. pH-value in usage concentration              | 2 pH    |
| Max. pH-value in Usage Concentration              | 10.5 pH |

## Sustainability Details

|                                                  |    |
|--------------------------------------------------|----|
| Multimaterial Plastics Identification Code - "7" | No |
|--------------------------------------------------|----|

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.
