

# Lobby Broom

260 mm, Soft/hard, Green

Item Number: 31042

Easily clean the narrow spaces between production line equipment with this Lobby Broom. Ideal for sweeping dry areas, perfect for use with a lobby pan, and can be used with any Vikan handle.

## General Information

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Bristle Stiffness | Soft/hard                                                   |
| Connection        | Euro Threaded                                               |
| Colour            | Green                                                       |
| Material          | Polypropylene, Polyester (PBT), Stainless Steel (AISI 304L) |
| UNSPSC Code       | 47131604                                                    |
| Country of Origin | Denmark                                                     |

## Product Dimensions

|                        |         |
|------------------------|---------|
| Visible bristle length | 75 mm   |
| Product Length/Depth   | 260 mm  |
| Product Width          | 35 mm   |
| Product Height         | 175 mm  |
| Net Weight             | 0.34 kg |

## Packaging & Shipping Details

Item Number: 31042

## Compliance & Standard Details

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| Complies with (EC) 1935/2004 on food contact materials <sup>1</sup>     | Yes |
| Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice | Yes |
| Complies with FDA Regulation CFR 21 <sup>1</sup>                        | Yes |
| Complies with UK 2019 No. 704 on food contact materials                 | Yes |
| Complies with California Proposition 65                                 | Yes |
| Complies with Halal and Kosher                                          | Yes |
| PFAS intentionally added                                                | No  |

## Usage Limits

|                                                   |         |
|---------------------------------------------------|---------|
| Recommended sterilisation temperature (Autoclave) | 121     |
| Max. cleaning temperature (Dishwasher)            | 93 °C   |
| Max. usage temperature (food contact)             | 80      |
| Max usage temperature (non food contact)          | 100     |
| Min. usage temperature <sup>3</sup>               | -20     |
| Max. drying temperature                           | 100     |
| Min. pH-value in usage concentration              | 2 pH    |
| Max. pH-value in Usage Concentration              | 10.5 pH |

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

3. Do not store the product below 0° Celsius.
