

Grout Brush w/Scraping Edge

225 mm, Very hard, Blue

Item Number: 44073

The Vikan Grout Brush with Scraping Edge is a hygienic cleaning brush purpose-built for food manufacturing, food retail, restaurants and food service, where hygiene and food safety are critical. Its angled head is shaped to work grout lines between tiles as well as corners, edges and hard-to-reach equipment surfaces - the areas where soil collects but a standard floor or hand brush can't get clean, consistent contact.

An exposed scraping edge sits ahead of the bristles and loosens baked-on debris before scrubbing begins, so operators aren't working through stuck-on soil from the first pass. Hard, durable bristles then cut through what's left - baked-on dough, heat-denatured proteins, mineral scale and biofilms - while a long handle keeps the working hand well clear of wet or soiled surfaces during repeated scrubbing.

Built with a long polypropylene handle, polyester bristles and stainless steel staples, and made in Denmark, the brush is produced from EU, UK and FDA compliant raw materials. Between uses, the drop-shaped hanging hole is designed to prevent pooling liquid, so the brush dries cleanly and stays visible on a hook or shadow board, and colour-coded variants support hygienic zoning plans and 5S programmes.

With an 18 mm head, the Grout Brush with Scraping Edge has the widest head of the three products in this detail brush series - wider than the Detail Brush with Narrow Head and the 11.2 mm Detail Brush with Small Narrow Head. That extra width suits broader surfaces like grout lines and equipment corners, while the other two in the series are built for tighter gaskets, seals and machine joints instead.

General Information

Bristle Stiffness	Very hard
Colour	Blue
Material	Polypropylene, Polyester (PBT), Stainless Steel (AISI 304L)
UNSPSC Code	47131605
Country of Origin	Denmark

Product Dimensions

Visible bristle length	22 mm
Product Length/Depth	225 mm
Product Width	18 mm
Product Height	80 mm
Net Weight	0.063 kg

Packaging & Shipping Details

Box Quantity	10 Pcs.
Quantity Per Layer (Pallet)	80 Pcs.
Quantity per Pallet (80 x 120 x approx.180 cm)	2240 Pcs.
Box Length/Depth	325 mm
Box Width	285 mm
Box Height	55 mm
Plastic Packaging (Recycling Symbol "4") LDPE per Pcs.	0.0033 kg
Cardboard Packaging (Recycling symbol "20" PAP) per Pcs.	0.01 kg

Item Number: 44073

Total Tare Weight	0.0133 kg
Gross Weight	0.08 kg
Cubic metre	0,000324 M3
GTIN-13 Number	5705022051515
GTIN-14 Number (Box quantity)	15705028051523
Customs Tariff Number	96039091

Compliance & Standard Details

Complies with (EC) 1935/2004 on food contact materials ¹	Yes
Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice	Yes
Complies with FDA Regulation CFR 21 ¹	Yes
Complies with UK 2019 No. 704 on food contact materials	Yes
Complies with REACH Regulation (EC) No. 1907/2006	Yes
Complies with California Proposition 65	Yes
Complies with Halal and Kosher	Yes
PFAS intentionally added	No

Usage Limits

Recommended sterilisation temperature (Autoclave)	121
Max. Cleaning Temperature (Dishwasher)	93 °C
Min. usage temperature ³	-20
Max. Drying Temperature	100
Min. pH-value in usage concentration	2 pH
Max. pH-value in Usage Concentration	10.5 pH

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.
