

Detail Brush w/Narrow Head & Scraping Edge

8.9" Extra stiff, Red

Item Number: 44084

The Vikan Detail Brush with Narrow Head and Scraping Edge is built for cleaning gaskets, rubber seals, machinery joints and conveyor belts in food production environments - the narrow, linear gaps where a wider brush head can't keep full bristle contact with the surface. Its narrow, angled head reaches into those tight runs, and a scraping edge at the front - thicker and more rugged than the Grout Brush's - loosens resistant residue before scrubbing starts. Hard bristles then clear what's left without losing control in the confined space, and a long handle keeps repetitive scrubbing comfortable and controlled over a full shift.

Built with a long polypropylene handle, polyester bristles and stainless steel staples, and made in Denmark, the brush is produced from EU, UK and FDA compliant raw materials. A drop-shaped hanging hole is designed to prevent pooling liquid between uses, and color-coded variants support hygienic zoning plans and 5S programs.

The Detail Brush with Narrow Head sits between the other two products in this detail brush series in size: its head is wider than the 0.5 " Detail Brush with Small Narrow Head, which is built for even tighter access, and narrower than the 0.7 " Grout Brush with Scraping Edge, which is built for wider surfaces like grout lines and equipment corners. It's also narrower than Vikan's existing Detail Brush, the 4401x. Choose the 4408x when a narrow head is needed but full bristle coverage still matters more than reaching the smallest possible gap.

General Information

Bristle Stiffness	Extra stiff
Color	Red
Material	Polypropylene, Polyester (PBT), Stainless Steel (AISI 304L)
UNSPSC Code	47131605
Country of Origin	Denmark

Product Dimensions

Visible bristle length	0.9 "
Product Length/Depth	8.9 "
Product Width	0.7 "
Product Height	3.1 "
Net Weight	0.1014 lbs

Packaging & Shipping Details

Box Quantity	10 Pcs.
Quantity Per Layer (Pallet)	240 Pcs.
Quantity per Pallet (80 x 120 x approx.180 cm)	4800 Pcs.
Box Length/Depth	12.8 "
Box Width	11.2 "
Box Height	2.2 "
Plastic Packaging (Recycling Symbol "4") LDPE per Pcs.	0.07 lbs

Item Number: 44084

Cardboard Packaging (Recycling symbol "20" PAP) per Pcs.	0.02 lbs
Total Tare Weight	0.1 lbs
Gross Weight	0.1969 lbs
Cubic Feet	0.0114 ft3
GTIN-13 Number	5705022051690
GTIN-14 Number (Box quantity)	15705028051707
Customs Tariff Number	96039091

Compliance & Standard Details

Complies with (EC) 1935/2004 on food contact materials ¹	Yes
Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice	Yes
Complies with FDA Regulation CFR 21 ¹	Yes
Complies with UK 2019 No. 704 on food contact materials	Yes
Meets the REACH Regulation (EC) No. 1907/2006	Yes
Complies with California Proposition 65	Yes
Complies with Halal and Kosher	Yes
PFAS intentionally added	No

Usage Limits

Recommended sterilisation temperature (Autoclave)	249.8 °F
Max. Cleaning Temperature (Dishwasher)	199.4 °F
Max. Drying Temperature	212 °F
Min. pH-value in usage concentration	2 pH
Max. pH-value in Usage Concentration	10.5 pH

New equipment should be cleaned, disinfected, sterilized, and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.
