

# Ergonomic scoop

2 Litre, White

Item Number: 56715

Scoop up any dry or moist food ingredients with Vikan's ergonomically designed hand scoop. The perfectly balanced grip protects against strains, while a flat bottom keeps the scoop from rolling over on tables.

## General Information

|                   |               |
|-------------------|---------------|
| Colour            | White         |
| Material          | Polypropylene |
| Country of Origin | Denmark       |

## Product Dimensions

|                      |         |
|----------------------|---------|
| Content              | 2 Litre |
| Product Length/Depth | 270 mm  |
| Product Width        | 150 mm  |
| Product Height       | 145 mm  |
| Net Weight           | 0.24 kg |

## Packaging & Shipping Details

|                                                          |                |
|----------------------------------------------------------|----------------|
| Box Quantity                                             | 10 Pcs.        |
| Quantity Per Layer (Pallet)                              | 40 Pcs.        |
| Quantity per Pallet (80 x 120 x approx.180 cm)           | 200 Pcs.       |
| Box Length/Depth                                         | 500 mm         |
| Box Width                                                | 360 mm         |
| Box Height                                               | 220 mm         |

## Compliance & Standard Details

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| Complies with (EC) 1935/2004 on food contact materials <sup>1</sup> | Yes |
|---------------------------------------------------------------------|-----|

## Item Number: 56715

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice | Yes |
| Complies with FDA Regulation CFR 21 <sup>1</sup>                        | Yes |
| Complies with UK 2019 No. 704 on food contact materials                 | Yes |
| Complies with REACH Regulation (EC) No. 1907/2006                       | Yes |
| Complies with Halal and Kosher                                          | Yes |
| PFAS intentionally added                                                | No  |

## Technical Data

|                    |        |
|--------------------|--------|
| Handle/Grip Length | 140 mm |
|--------------------|--------|

## Usage Limits

|                                                   |         |
|---------------------------------------------------|---------|
| Recommended sterilisation temperature (Autoclave) | 121     |
| Max. cleaning temperature (Dishwasher)            | 93 °C   |
| Max. usage temperature (food contact)             | 100     |
| Max usage temperature (non food contact)          | 100     |
| Min. usage temperature <sup>3</sup>               | -20     |
| Max. drying temperature                           | 120     |
| Min. pH-value in usage concentration              | 2 pH    |
| Max. pH-value in Usage Concentration              | 10.5 pH |

## Design & Patent Registration Details

|                         |                                         |
|-------------------------|-----------------------------------------|
| Design Registration No. | EU 0066180700001-2, GB 90066180700001-2 |
|-------------------------|-----------------------------------------|

## Sustainability Details

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| The product can be sorted as Polypropylene (PP) for recycling – “5” | Yes |
|---------------------------------------------------------------------|-----|

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

1. See Declaration of Compliance for further details on food contact

3. Do not store the product below 0° Celsius.
