Basic Microfibre Cloth, 40 x 40 cm, Yellow

Effectively clean any hard surface with this Basic Microfibre Cloth. When used dry, microfibres pick up dust, dirt and hair using static electricity. When damp, the cloth loosens and remove dirt and grease.

Technical Data

Wash the products as soon as possible after use - to reduce the risk that dirt becomes ingrained with stains and odours as result.

First wash should be done at minimum 85 ° C and separately to avoid staining

Wash cloths and mops of various types separately, to avoid contaminating each other with lint.

Pre-rinse in cold water with frequent water change, no added chemicals - in order to remove any chemicals that can have been used for cleaning and may interfere with or cause a negative impact on the fabric at higher temperatures in the washing process

Use Dry or Damp

Recommended preparation 75 % of item weight
