

One-Piece Metal Detectable Shovel

13.7", Red

Item Number: 6982MD4

This one-piece polypropylene shovel is tough, lightweight and hygienic. Molded from FDA-compliant polypropylene, it is a workhorse for moving bulk materials and an integral part of any professional cross-contamination containment, food safety or HACCP program. Initially developed over 30 years ago, our one-piece shovel doesn't just meet the standard, it sets the standard. The semi-ferrous additive in this shovel allows for use in conjunction with a metal detectable system. Metal detectable plastic is a lightweight and less costly alternative to stainless steel, and will reduce fatigue for the user. This shovel is popular for meat, dairy, seafood, and poultry processing, as well as commercial fishing and other food handling applications.

General Information

Color	Red
Material	Polypropylene, Semi-Ferrous Additive
Metal Detectable	Yes
Country of Origin	United States

Item Number: 6982MD4

Complies with FDA Regulation CFR 21 ¹	Yes
Complies with California Proposition 65	Yes
Complies with Halal and Kosher	Yes
PFAS intentionally added	No
Phthalates intentionally added	No

Usage Limits

Recommended sterilisation temperature (Autoclave)	249.8 °F
Max. cleaning temperature (Dishwasher)	199.4 °F
Max usage temperature (food contact)	183.2 °F
Min. usage temperature	-22 °F
Max. drying temperature	266 °F
