

# Ultra Hygiene Flex Squeegee

600 mm, Brown

Item Number: 736066

The Ultra Hygienic Flex Squeegee is the next evolution of Vikan's category-defining hygienic design—combining trusted single blade simplicity with enhanced flexibility for improved cleaning performance.

Developed in close collaboration with customers, this new variant responds to the need for a softer, more flexible blade that performs more effectively on wet and uneven floors.

Building on the single blade design preferred by auditors and end users, it improves surface contact and liquid removal—delivering greater efficiency in demanding cleaning environments.

Unlike traditional models, the Ultra Hygienic Flex Squeegee is effective when both pulling and pushing liquids, making it ideal for areas with frequent washdowns and high moisture levels.

Maintaining Vikan's proven Ultra Hygienic design, the squeegee is fully moulded for easy cleaning and reduced contamination risk.

Manufactured from FDA and EU food-contact compliant materials and available in 12 colour-coded options, it integrates seamlessly into existing hygiene systems.

Compatible with all Vikan threaded handles, this versatile tool can also be used on smooth surfaces to collect fine particles—making it suitable for both wet and dry cleaning tasks.

## General Information

|                   |                           |
|-------------------|---------------------------|
| Connection        | Euro Threaded             |
| Colour            | Brown                     |
| Material          | Polypropylene, TPE Rubber |
| UNSPSC Code       | 47121812                  |
| Country of Origin | Denmark                   |

## Product Dimensions

|                      |         |
|----------------------|---------|
| Product Length/Depth | 600 mm  |
| Product Width        | 80 mm   |
| Product Height       | 95 mm   |
| Net Weight           | 0.33 kg |

## Packaging & Shipping Details

|                                                          |           |
|----------------------------------------------------------|-----------|
| Box Quantity                                             | 15 Pcs.   |
| Quantity Per Layer (Pallet)                              | 60 Pcs.   |
| Quantity per Pallet (80 x 120 x approx.180 cm)           | 420 Pcs.  |
| Box Length/Depth                                         | 610 mm    |
| Box Width                                                | 290 mm    |
| Box Height                                               | 200 mm    |
| Plastic Packaging (Recycling Symbol "4") LDPE per Pcs.   | 0.009 kg  |
| Cardboard Packaging (Recycling symbol "20" PAP) per Pcs. | 0.0213 kg |
| Total Tare Weight                                        | 0.0303 kg |

## Item Number: 736066

|                               |                |
|-------------------------------|----------------|
| Gross Weight                  | 0.36 kg        |
| Cubic metre                   | 0,004560 M3    |
| GTIN-13 Number                | 5705022053991  |

| Customs Tariff Number         | 96039099       |

## Compliance & Standard Details

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| Complies with (EC) 1935/2004 on food contact materials <sup>1</sup>     | Yes |
| Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice | Yes |
| Complies with FDA Regulation CFR 21 <sup>1</sup>                        | Yes |
| Complies with UK 2019 No. 704 on food contact materials                 | Yes |
| Complies with REACH Regulation (EC) No. 1907/2006                       | Yes |
| Complies with California Proposition 65                                 | Yes |
| Complies with Halal and Kosher                                          | Yes |
| PFAS intentionally added                                                | No  |
| Phthalates intentionally added                                          | No  |
| Bisphenols intentionally added                                          | No  |

## Usage Limits

|                                                   |         |
|---------------------------------------------------|---------|
| Recommended sterilisation temperature (Autoclave) | 121     |
| Max. cleaning temperature (Dishwasher)            | 93 °C   |
| Max. usage temperature (food contact)             | 50      |
| Max usage temperature (non food contact)          | 100     |
| Min. usage temperature <sup>3</sup>               | -20     |
| Max. drying temperature                           | 120     |
| Min. pH-value in usage concentration              | 2 pH    |
| Max. pH-value in Usage Concentration              | 10.5 pH |

## Design & Patent Registration Details

|                         |                                       |
|-------------------------|---------------------------------------|
| Design Registration No. | EU 002364190-1-8, GB 90023641900001-8 |
|-------------------------|---------------------------------------|

## Sustainability Details

|                                                  |     |
|--------------------------------------------------|-----|
| Multimaterial Plastics Identification Code - "7" | Yes |
|--------------------------------------------------|-----|

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

1. See Declaration of Compliance for further details on food contact

3. Do not store the product below 0° Celsius.
