## Crevice Scrub, 225 mm, Very hard, White

Effectively clean beneath and between machines and equipment with an angle-adjustable Crevice Scrub that can even be used with the handle parallel to the floor. The arrow-shaped filaments reach into small cracks and crevices, while a middle row of stiff filaments provides high scrubbing efficacy.

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

- 1. See Declaration of Compliance for further details on food contact
- 3. Do not store the product below 0° Celsius.
